

Whitson Engineers is an award-winning civil engineering and land surveying firm serving the Monterey Bay and coastal California. Our firm offers an unparalleled working environment, growth potential, competitive salary and benefits package, including employer paid health care coverage for employee and dependent(s), employer health savings account contributions, profit sharing, 401(k) match, as well as paid vacation, sick leave, and holidays. We make a great effort to promote work-life balance.

We are seeking applicants for the following position in our Monterey, California office:

Associate Civil Engineer

Job Summary

Actively participates in the design and technical activities required on a wide range of public and private civil engineering projects. Involved with engineering plan preparation, solving design problems, and other design related tasks. Coordinates and communicates directly with other members of the project team, clients and public agencies.

The Ideal Candidate Would Have:

- BS Civil Engineering
- 2+ years' experience in design and different phases of land development and/or public works projects
- Proficiency in AutoCAD Civil 3D.
- Strong, team-oriented work ethic.
- Multi-tasking capabilities.
- Good organizational skills.
- Excellent verbal and written communication abilities.

What You'll Do:

- Design and prepare engineering plans.
- Prepare project technical reports and specifications.
- Review project design criteria.
- Gather data and design information needed for project design.
- Perform design calculations.
- Coordination with clients and public agencies.
- Prepare project estimates.
- Coordinate with other members of the design team and report directly to a Project Manager or Principal-in-Charge.

Interested candidates are encouraged to send resume to our Director of Finance & HR, Kimberley Woltman, at kwoltman@whitsonengineers.com. Please also include a personalized cover letter stating that you have read the requirements, are up for the challenge and why you believe you should be considered for the position.

We look forward to hearing from you!
